Email Marketing Explained

Visitors land on your 1 page website - we call this traffic. This 1 page website is also called your “Opt-in page.” This will be the **ONLY** page your entire affiliate business ever needs!

Now, once they give you their email address, the visitor automatically receive the Free eBook “bribe” you promised them on the page.

As soon as they put in their Email address, the visitor will be re-directed to a “Thank You Page.” This is the page where you re-direct them to an “affiliate offer.” This is a copy & paste link you can get from one of 20,000+ companies!

This is also your first opportunity to earn actual profit!

Lastly, now that their Email address is added to the autoresponder, they’ll start getting your “***Automated Emails***” for at least 10 days.

These emails, which you've already programmed in, are sent automatically and promote other *affiliate offers* to your list - hence, more chances to earn commission!

Credit Repair Magic Will Fix Your Credit Faster than Any Other Credit Repair System at Any Price. . . Guaranteed

Five benefits that make Credit Repair Magic the world's best credit repair system:

1. Effectiveness

All other credit repair systems are either dry, ineffective "e-books" or expensive, time-consuming services. **Credit Repair Magic** is different. It's interactive multimedia software that provides true point-and-click simplicity with the world's most effective system for permanently removing negative items from your credit reports. This one-of-a-kind system is trademarked and protected by international copyright. No other credit repair system even comes close.

2. Accuracy

The unique **Credit Repair Magic** System is designed by a 20-year veteran of the credit industry, with input from former owners of credit reporting agencies and credit providers. The **Credit Repair Magic** System is updated monthly for accuracy, not every four or five years like most programs. It's a one-of-a-kind system voted the World's **Best Credit Repair** Program by two independent credit repair review sites.

3. Speed

Credit Repair Magic is the easiest credit repair program in the world and the fastest method for dramatically improving your

credit score. Some of our exclusive trademarked methods can increase your credit score in a matter of days, not months or years. We know you don't have a lot of time, so we've made it simple enough for a 9-year-old to fix your credit. No computer knowledge or other skills are required to use our easy credit repair software. With so many websites offering a free credit score report, there's never been a better time to get a copy of your report and start repairing your credit score with our easy to use Credit Repair Magic program!

4. Value

You can spend thousands of dollars on credit repair "factories," which are usually law firms that charge monthly for their services. Not only is their service less effective than **Credit Repair Magic**, but the longer they take to fix your credit, the more money they make, so don't expect fast results! And unlike every other credit repair program out there, **Credit Repair Magic** is not an e-book, but a true multimedia software program with point-and-click simplicity and both audio and video to enhance and simplify the experience. If you can click a mouse, you can use **Credit Repair Magic**.

5. Bonuses

Credit Repair Magic gives you \$321 in real bonus materials related to credit and finance. Each bonus program was hand-picked to provide incredible results and all of them are currently selling on the Internet for the price listed. This isn't the fluff that other programs bundle with their silly e-books; these bonuses are truly amazing (see description below).

You get the Credit Repair Magic Bad Credit Eliminator.

HUMOR IS GOOD MEDICINE

A psychiatrist was conducting a group therapy session with three young mothers and their small children. "You all have obsessions," he observed. To the first mother, he said, "You are obsessed with eating. You've even named your daughter Candy." He turned to the second mom. "Your obsession is money. Again, it manifests itself in your child's name, Penny." At this point, the third mother got up, took her little boy by the hand and whispered, "Come on, Dick, let's go."
